Instructions

Do you ever get frustrated trying to tie the perfect bow? Well, tying that perfect bow doesn't have to be a hair-pulling experience. Here are step-by-step directions for a beautifully tailored bow every time.

The instructions below use SNAIL adhesive but you could also use Mini Glue Dots, Sticky Strip or Tombow Multi Purpose Adhesive.

Wrap your ribbon around the card stock the cardstock layer and adhere each end to the back
Place SNAIL adhesive in the center of a 6" piece of ribbon

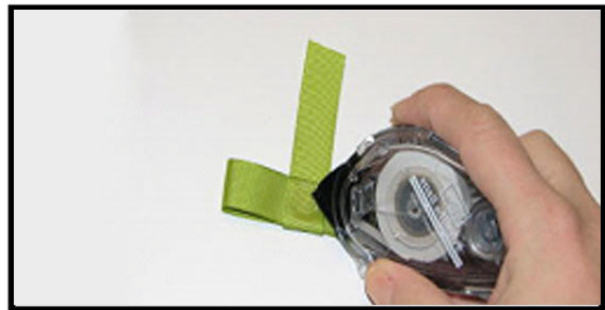

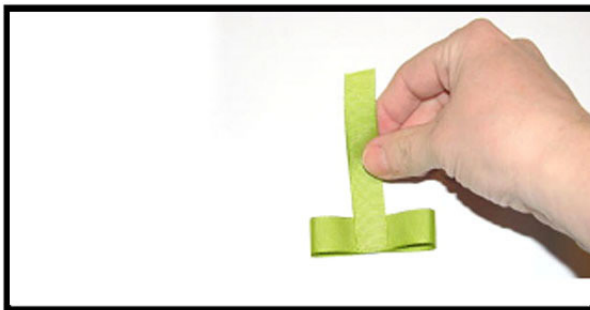

Tailored Bows

Fold one end of the ribbon into the center and stick it to the adhesive
Place SNAIL adhesive on top of the ribbon end you just folded in

Fold in the other end of the ribbon to the center and stick it to the adhesive
Apply SNAIL on top of the second ribbon end you folded in

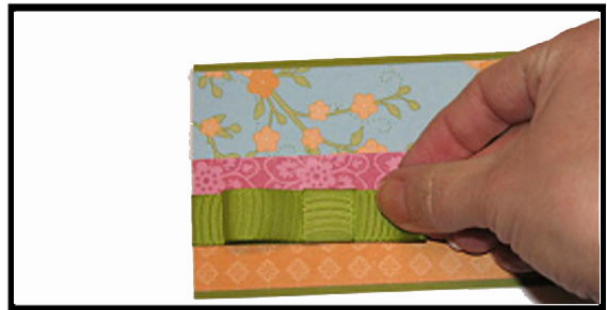

Stick one end of the 3" ribbon to the adhesive perpendicular to the bow
Wrap the ribbon around the bow. Apply SNAIL on top of the ribbon end

Tailored Bows

Stick down other end of ribbon
Trim off excess ribbon

You now have your quick, easy and elegant bow!
Use SNAIL to adhere the bow to the ribbon on the card front
